**Released: April 12, 2002**

By the Assistant Chief, Audio Division:

1. The Commission has before it Notices of Proposed Rule Making, specified below, setting forth nine separate proposals to allot a FM channel to a specific community. Each petitioner filed comments in support of its proposal reaffirming its intention to apply for the specified channel, if allotted. Each proposal complies with all Commission technical requirements and we continue to believe that each proposal would serve the public interest. Accordingly, we adopt each proposal as originally proposed. These are as follows:

<sup>1</sup>Although Channel 288C3 was proposed at reference coordinates 41-39-44 NL and 109-06-50 WL in the Notice of Proposed Rule Making, we are allotting alternate Channel 265C3 at Reliance, Wyoming. On March 6, 2001, Ashley Communications, Inc. filed an application (File No. BPH-20010306ABN) requesting a minor change in its facilities. The application was filed after the instant rulemaking petition, but timely filed to be treated as a counterproposal in the context of this proceeding. However, an alternate Class C3 channel was found for Reliance eliminating the need for a comparative analysis. See Conflicts Between Applications and Petitions for Rulemaking to Amend the FM Table of Allotments, 7 FCC Rcd 4917 (1992), recon. granted in part and denied in part, 8 FCC Rcd 4743 (1993). See also Amendment of the Commission's Rules to Permit FM Channel and Class Modifications by Application, 8 FCC Rcd 4735 (1993).

<sup>2</sup> A staff search revealed that Reliance is a Census Designated Place located in Sweetwater County with a 2000 Census population of 665 persons. It has its own post office and zip code (82943). It also has a grade school, volunteer fire department and some businesses, e.g., W. J. Transport, Rocket Sanitation, Wyoming Sanitation, Ice
